Academic Achievement

First quarter marking period ends this month. Teachers will be preparing the students report cards and have been working on scheduling parent teacher conferences to discuss your student's progress.

We are blessed to have several faculty members willing to provide afterschool tutoring to all students requiring additional supports to meet grade level standards OR to receive enrichment to further their academic growth. If you receive a permission slip from your child's teacher, please sign and return it the next day to help the teachers organize their reading and math groups. Your child may be working with someone other than their classroom teacher.
